

58:9 Ultra Stretch for Dynamic Digital Content

Ultra Stretch Signage 86BH5C/BH7C

Ultra Stretch 86BH5C/BH7C is a new signage format with a 58:9 widescreen that can display dynamic content depending on the user's installation environment. (e.g. airports, subways, banks, art galleries, or retail stores) This product is also a work of structural art in itself that can be seen as digital decor.

Key Features

New Design Configuration

Ultra HD Resolution (3,840 x 600)

Ultra HD large screens deliver an immersive viewing experience.

Conventional

86BH5C/BH7C

58:9 Extended Wide Format

Dynamic content is delivered on one screen since the new widescreen format is a 58:9 bar-type display.

Conventional

86BH5C/BH7C

Multiple Screens

4 Divided PBP in Landscape or Portrait

The Picture-by-Picture (PBP) feature allows you to divide a screen up to 4 parts in landscape or portrait installations.

Other Features

Content Management

58:9 Content Editing

With the LG SuperSign media editor, you can easily edit images or video clips of original content without any additional editing programs.

Video file or Still Image

Multiple Content Creation

Users can edit content that consists of one video and several still images (up to 20) with SuperSign Editor.

Support 1 Video + 20 Images

Convenient Connectivity Support

Tiling Scene with Daisy Chain

This product supports lateral tiling for 1x4 or 4x1 installations (landscape or portrait), and up to a 4x4 installation with a daisy chain configuration.

LAN Daisy Chain

The LAN daisy chain allows you to control and monitor devices, distribute content, and even update firmware.

Easy Installation

Side Bracket / Classified Port

This product supports side brackets for buried installations. The classified in/out port prevents errors when connecting a daisy chain.

1 Mounting hole for side bracket

2 Classified in/out port
- Input : White
- Output : Green
